Foreword

•We, the Class of 1947 are, or are generally considered to be, the pacesetter or precedent-making class of Seton Hall College.

Regaining its bearings after the rigours of World War II, Seton Hall, with the influx of over two thousand veterans and a gigantic building and reorganization program, once more took its rightful place amongst the country's foremost institutions of learning.

The war took its toll here at Seton Hall: senior classes were not even large enough to mention; the activities and color, the sacred traditions of a time-honored citadel of learning stopped almost completely or became negligible.

Then came the war's end and reconversion. Men flocked back to their former alma mater to continue and complete their interrupted studies. And so, back we came—men who were to graduate from Seton Hall in 1943 and 1944 now made up the greater part of the resurgent class of 1947. Though a bit confused, since credits with each of us differed, some finally were to attain those much-sought-for points, and graduation in February; some in June; and the rest in August of 1947.

But altogether, we formed the nucleus of this, an important class of the college. With the senior class showing the way, the college reinstituted all the important phases of life known and respected by all Setonians before the war years. We became a vital force in the college. We were going to serve as a model and as a teacher to subsequent classes who were going out into the world as Seton Hall graduates. We were going to join the links of the chain of Seton Hall traditions and customs that were broken by the war. We were to, and did!

Our achievements and activities are chronicled here in The Galleon, our final and most ambitious venture.

Since many factors have prevented us from producing a yearbook as large and as complete as we would care to have, the Senior Class, nevertheless, proudly places the 1947 Galleon beside the books of previous years.

DEDICATION

Reverend John J. Ansbro, A. B.

Dean of Seton Hall College

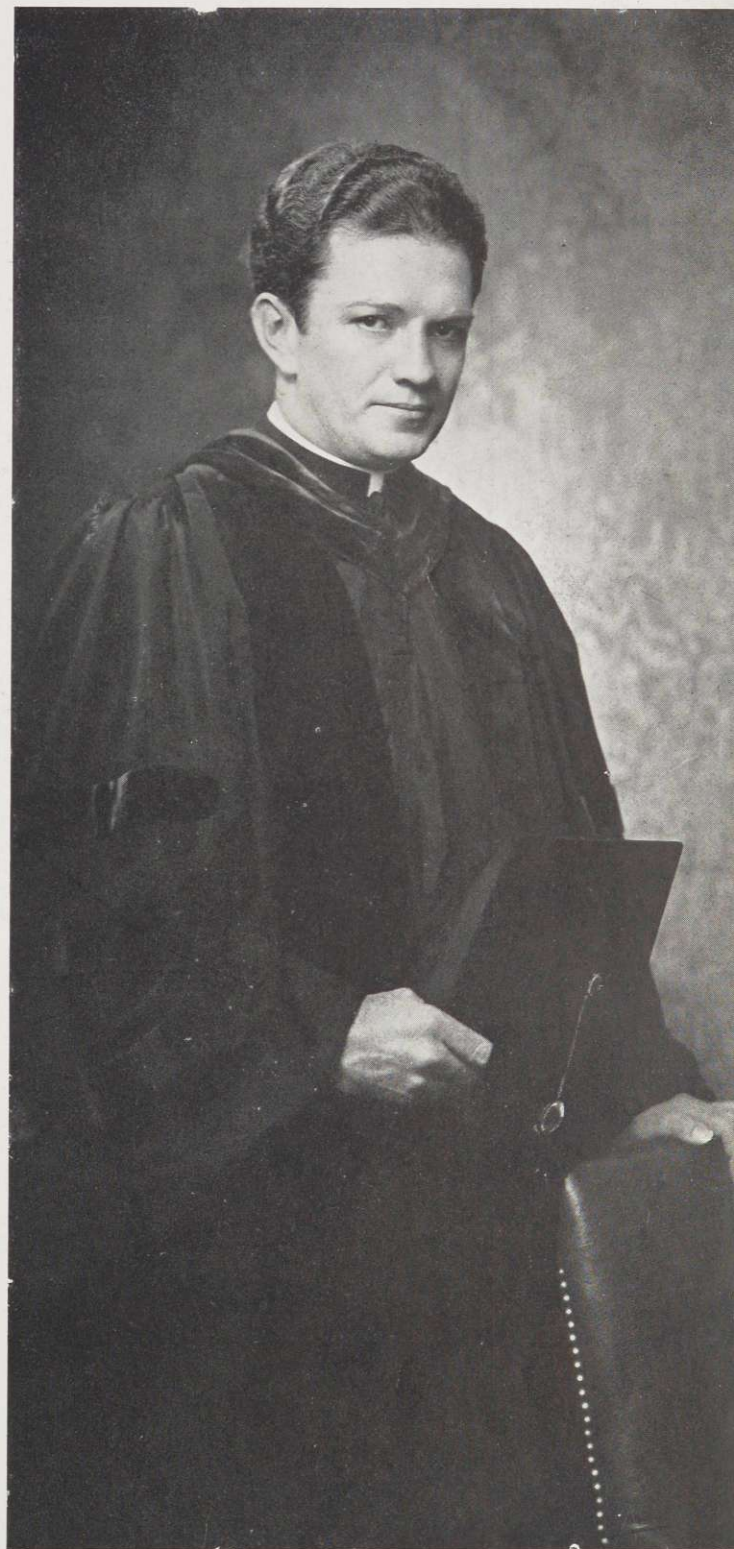

WE, THE CLASS OF NINETEEN HUNDRED AND FORTY-SEVEN, respectfully dedicate this, The Galleon Yearbook—a record of our activities, achievements, and progress made here at our beloved Alma Mater, Seton Hall College—to one who has lovingly guided, counselled, and taught us both spiritually and intellectually; to one who has won our deep appreciation and undying gratitude for all his manifestations of profound understanding and helpful advice; to one who truly epitomizes the return of the soldier to civilian life, with all its attendant tribulations, sacrifices, and heartaches in this period of readjustment; to one who, by his ceaseless exercise of benevolence, goodwill, and sodality, as well as by his meritorious scholarship and sound academic judgment, has won recognition and success in his chosen field of endeavor; to one of the most priestly, most worthy gentlemen of the Church of Christ, to Father Ansbro.

The Galleon

MR. NEAL ROURKE
A.B., Ph.L.
Moderator, Galleon

A CHAIN IS ONLY AS STRONG as its weakest link. The weakest link in the makeup of the Galleon was the comparatively small number of men in the Senior class. Although its willing spirit would seem to have been handicapped by a slight body, a determination to publish a yearbook unified the class. On the strength of this unity it was decided to go ahead. A moderator was selected. Co-Editors-in-Chief were chosen and the necessary departments and staffs were formed. Meetings were held where ideas were sifted, combined, and agreed to. The business staff formulated its campaign. Then thought became action. Printers were contacted, advertisers approached, and patrons sought. Pictures were taken and copy was written, revised, corrected, and rewritten. The book began to take definite shape. During the schoolday and after class hours the Galleon Office was occupied. Outside meetings were held and frequent telephone conversations took place. The last minute work that seemed to have come from nowhere was somehow taken care of and finally the deadline was met. The book was sent to the printer. There remained no more to do. From a vague notion, the 1947 Galleon had at last become a reality.

Brownson Society

OFFERING ITS MEMBERS a means to oratorical self expression, the Brownson Society, under the direction of Mr. Paul A. Jordan, is a well supported campus organization. A schedule of appearances which includes debates with St. Peter's College, Stevens Institute of Technology, Rutgers and Princeton Universities, a radio broadcast, and a tour into the Philadelphia area has given the society not only a large campus following but also widespread outside recognition.

APPOINTED BY SENIOR PRESIDENT Edward Reynolds, the Ring Committee met with representatives of the Junior Class to work out a design for the ring that would become standardized for future graduating classes.

Robert McEvoy was chairman of the committee composed of Pat. Bottone, John Mooney, Alfred Mury and Edward Connolly.

Ring Committee

St. Thomas More Pre-Legal Society

ONE OF THE MOST ACTIVE groups on the campus is the St. Thomas More Pre-Legal Society. The society endeavors to foster and develop an interest in legal matters and procedure and to keep its members informed on admission requirements to Law Schools throughout the nation. In addition it has welcomed to the campus such outstanding men of the profession as Mr. Andrew Crummy, legal consultant of Seton Hall College and prominent Newark attorney; Mr. Thomas Hurley, a government attorney; and Mr. John F. Leonard, professor of Torts at John Marshall Law School.

The College Affairs Committee

A SUBSIDIARY OF THE STUDENT COUNCIL, the College Affairs Committee's primary interests are those concerned with social activities. This organization must be consulted about and must give its consent to any planned campus function. The membership body not only gives its approval, but also lends physical and moral aid to insure the success of any affair. Co-Chairmen are James Fennessey and Dan Brodhead, the Secretary is Thomas Kinney and the Treasurer is Clem Rachel.

The Glee Club

BACK IN EXISTENCE after a three year period of inactivity, the Seton Hall College Glee Club was formed from the student body and featured soloists James Magee and William Kenny. The Glee Club appeared at Caldwell College, St. Elizabeth's College, and Notre Dame College of Staten Island, gave a recital at the Mutual Benefit Auditorium in Newark, and with the First Annual Spring Concert concluded the season before an audience of 4,000 in Seton Hall Gymnasium.

the latest ideas and practices of interest in their field. By making outside trips and listening to visiting speakers a practical knowledge of classroom theory is obtained.

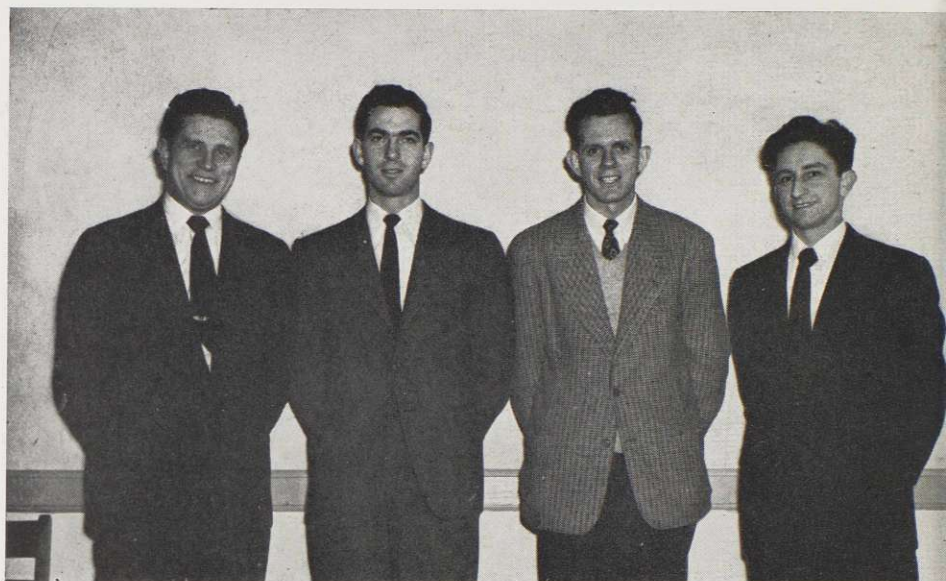

College Radio Workshop

UNDER THE SUPERVISION of Mr. Howard J. Leahy, a group of script writers, actors, and directors were chosen from the student body and formed into the Seton Hall College Radio Workshop. In January 1947 the Workshop presented a series of four broadcasts over WAAT in which were dramatized the decision by a veteran to attend college, the problems he faced on the campus, and the solutions he found to those problems.

Athletic Association

BEHIND EVERY ATHLETIC EVENT held on the campus, behind the numerous athletic groups at school, The Athletic Association takes its place well at the head of organizations working for the benefit of the students. Under its moderator, Reverend James A. Carey, this group of men has worked so efficiently, whether it be looking after a visiting team or planning and running a huge outdoor track meet, that it operates in virtual anonymity.

The International Relations Club

ALTHOUGH A NEWCOMER TO SETON HALL, The International Relations Club, by presenting an opportunity for discussing current international situations has met with so great a membership response that it was necessary to break up the organization into smaller groups in order to accommodate all who would attend meetings. During early meetings, the members together with Mr. Ralph J. Lombardi, moderator, formulated future plans and established a committee to draft an appropriate constitution. The enthusiasm shown by its many members insures the success of this organization.

Knights of Setonia

THE KNIGHTS OF SETONIA, begun with the permission of Monsignor Kelley in 1938, is now, under the leadership of Father Carey, the major religious organization in the College, having for its objective the promotion of devotion to Our Lord in the Blessed Sacrament by weekly attendance at mass and reception of communion in the College Chapel.

The women of the Bayley Seton League helped a great deal in making the organization a success by purchasing Knights of Setonia pins and by helping serve breakfast every morning.

A weekly bulletin is also put out by the organization for its more than 1500 members.

Christmas Crib

SPORTS

Basketball

WITH THE RETURN OF THE ex-servicemen to the campus, the prospects for another successful basketball season, reminiscent of pre-war days, brought out a packed house for the opening game of the season against Catholic University. The fans were treated to a gala evening as the Hall completely overwhelmed the Capitol five by a score of 66 to 27, with Frank Saul and "Whitey" Macknowski leading the scoring with 19 and 14 points respectfully. Two nights later saw Loyola of Baltimore at South Orange. The Hall, with Saul again clicking, easily downed the Loyolans 60 to 38. Wagner was the next to fall before the Setonians, 59 to 43.

The season's first major test came with La Salle of Philadelphia. The rampaging Pirates found them easy and emerged the victor 56 to 42. George Washington Uni-

versity proved the stiffest test to date when they forced the Hallers to go all out to beat the Colonials 55 to 48. The splendid play of Howie Janotta turned the tide for the Buccaneers.

•Left to right: Coach Davies, Bob Wanzer, John Macknowski, Dick Hammock, Ben Pagliaroli, Frank Saul, John Finnegan.

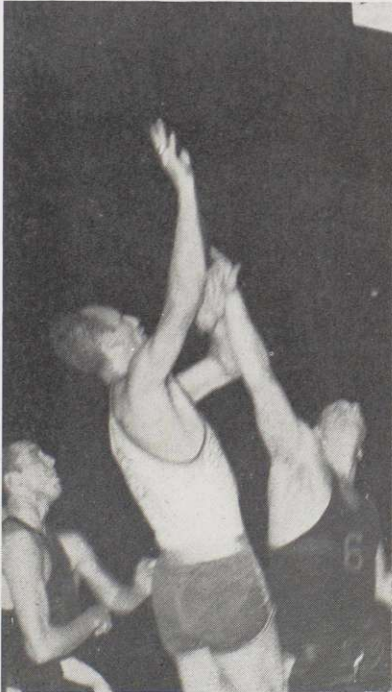

With the advent of the Christmas vacation the Hall played six games, with two of the toughest contests coming just after the New Year. During this time the Hall easily overcame St. Peter's at Jersey City in the first game away from home, 64 to 45. The Setonians then beat William and Mary 65 to 31, Wittenberg of Ohio 71 to 50, and Baldwin—Wallace 74 to 48. January 2nd saw Princeton University fall before another onslaught to lose 65 to 47. Two nights later saw one of the greatest individual performances of the year turned in by an opponent, Charley Harmon of the University of Toledo Rockets. Though on the losing team, Harmon's play overshadowed every man on the floor. The Rockets became the eleventh straight victim of the Hall as they bowed 59 to 47.

The first road trip on the schedule found the Hall experiencing some difficulty in downing Rider 46 to 35 and Scranton 53 to 32. Returning home, Providence College gave little opposition in falling before the Pirates to the tune of 70 to 44. Traveling to New Brunswick the Hallers returned to their former ability to hit the cords consistently to down high-scoring Rutgers 69 to 52. Villanova lost to the Pirates, 55 to 46.

Back in home territory, Scranton became the 17th straight victim of the season losing 60 to 31. The mythical state championship became the property of the Pirates when they easily handled a publicized and previously undefeated Panzer five 51 to 28.

With eighteen straight victories under their belts the Hallers travelled to Baltimore to meet Loyola College. Playing without the services of Frank Saul, who was suffering from a severe cold, the Pirates dropped their first game of the season to the Greyhounds, 54 to 53.

Back in South Orange, the Hallers defeated Lincoln University's all-negro five 66 to 33. Perhaps the biggest game of the season found a packed house rooting for a victory over powerful Holy Cross. Though the Pirates ran up a large early lead, and were in front throughout most of the game, the Crusaders in a brilliant rally overcame the Pirates in the last two minutes of the game. Though fighting valiantly, the final buzzer found the Hallers one point short of the Purple, 44 to 43. "Whitey" Macknowski played the most consistent game of the night, as Saul fouled out and Wanzer was injured midway in the second half.

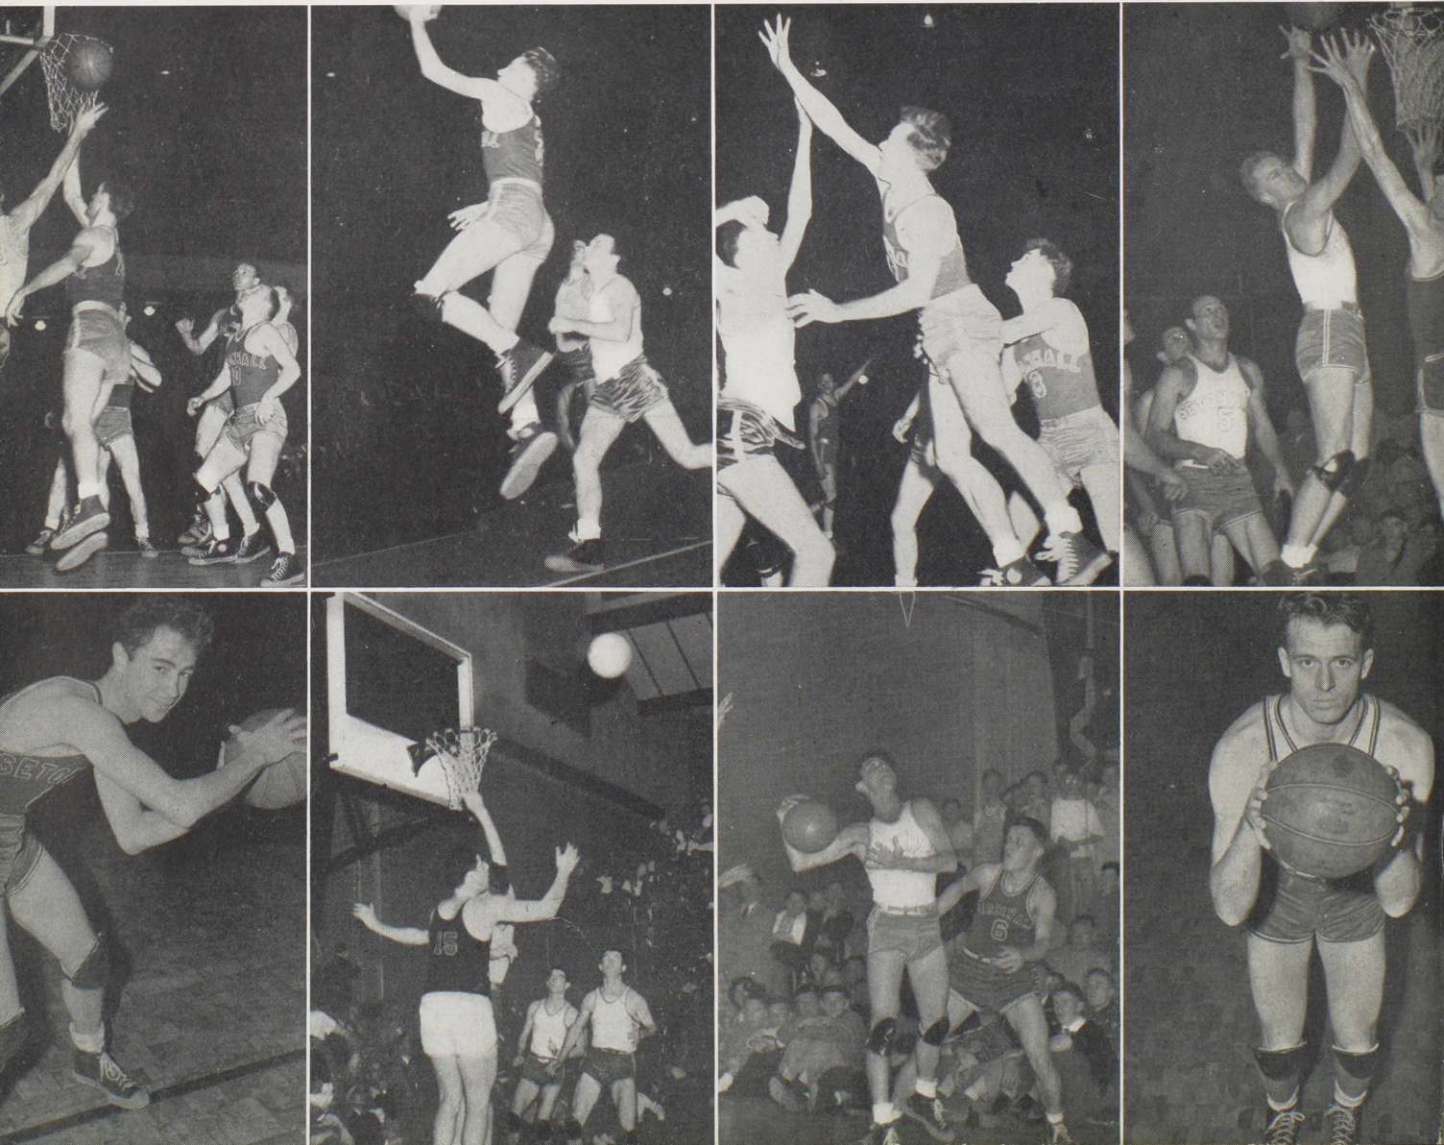

The Hall repeated its early season victory over Catholic University at Washington, D. C., 45 to 34. Continuing their winning ways the Pirates defeated the University of Newark, 56 to 33, Siena College 52 to 39 and Rider College 32 to 21. Ben Pagliaroli led the team offensively in the encounters against Catholic and Newark with 15 and 11 points respectively. "Pep" Saul hit the high scoring mark for any Hall man for the season when he tallied 21 points against a stubborn Siena five.

The four game winning streak came to an end in Philadelphia's Palestra when potent La Salle handed the Hall its worst defeat of the season, 54 to 46. Height proved to be the deciding factor as La Salle's 6' 9" center, Larry Foust scored 19 points. The season ended on a happy note

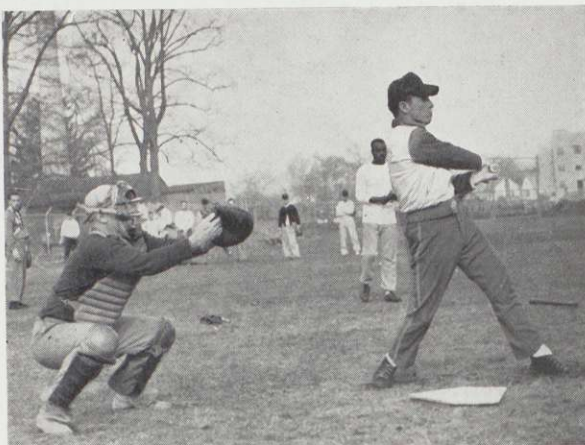

when the Hall defeated St. Peter's, 65 to 42.

Coach Bob Davies, in his first year at the helm of the basketball fortunes of Seton Hall's Pirates, turned in a truly remarkable job when he guided his team to 24 victories and only three defeats. Toward the last month of the season the team was harried by injuries and sickness, while the long and heavy schedule began to show on the squad. Many observers consider these factors the main reason for the three defeats suffered in February.

In the middle of March the Metropolitan Basketball Writers Association voted Coach Davies in the first ten in their annual "Coach of the Year" award. Davies edged out many of the foremost court mentors of the nation.

Victory Banquet

• *Left to Right: Whitey Macknowski, Bob Wanzer, Mr. Ted Husing, Pep Saul, and Msgr. Kelley.*

FOLLOWING THE COMPLETION of a very successful season on the hardwood court, Coach Bob Davies' Basketeers were tendered a banquet by Mr. Ted Husing, an old friend of Setonia, who acted as master of ceremonies as well. Among those present in addition to the entire basketball squad, Coach Davies, and Mr. Husing, was Msgr. James F. Kelley, President of Seton Hall.

FEATURES

• Captain Connolly and Mates of the Galleon.

• Miss Dolores Burnside, Queen of the good ship Galleon.

The Galleon Ball

• All aboard for a perfect evening.

• Announcing the judges choice.

•Judges and finalists in Queen of the Galleon contest.

•Signing the guest log.

THE GALLEON BALL, traditional senior promenade of Seton Hall, took place under the sponsorship of the Class of 1947 in the College Gymnasium and featured Elliot Lawrence and his "Music of Tomorrow."

Setting a precedent for future campus formal dances, the Galleon Ball established a high standard for entertainment, color, and originality. A nautical setting was carried out by decorating the spacious auditorium with overhead signal flags, nets, sails, life preservers, ship's bells and sheels. The dance floor, enclosed by lines and white stanchions was bathed in cool blue and amber lights. A gang-plank at the entrance completed the shipboard motif.

Chosen Queen of the Ball by a group of judges picked from the guest list, Miss Dolores Burnside of Maplewood was awarded a sterling silver engraved compact as token of the honor.

In addressing the assemblage the Honored Guests, Right Reverend Monsignor James F. Kelley and Reverend John J. Ansbro, voicing the general sentiments, agreed that the dance committee, under Chairman Ed Connolly had added a glittering page to the college's social calendar.

•Honored guests.

•Elliot Lawrence and his band of the year.

Senior

Get-Together

●ONE OF THE BRIGHTEST LIGHTS in the current school calendar was the Senior Get-together at Pfeiffers', in Newark. Here the Seniors, many of whom hadn't seen one another for many war-torn years, met for an evening of fun, merriment and good food.

The walls of Pfeiffers' echoed and re-echoed with joyous songs and melodies until well into the wee-hours of the morning. To use a trite expression—a good time was had by all. . .

*Queen

•Surrounding Doris Steiger, the "Queen of the Campus," are Setonian staff members John Mielach, Sy Tepperman, Tom Bay and Donn Huber.

Dedication of Veterans' Village Barracks

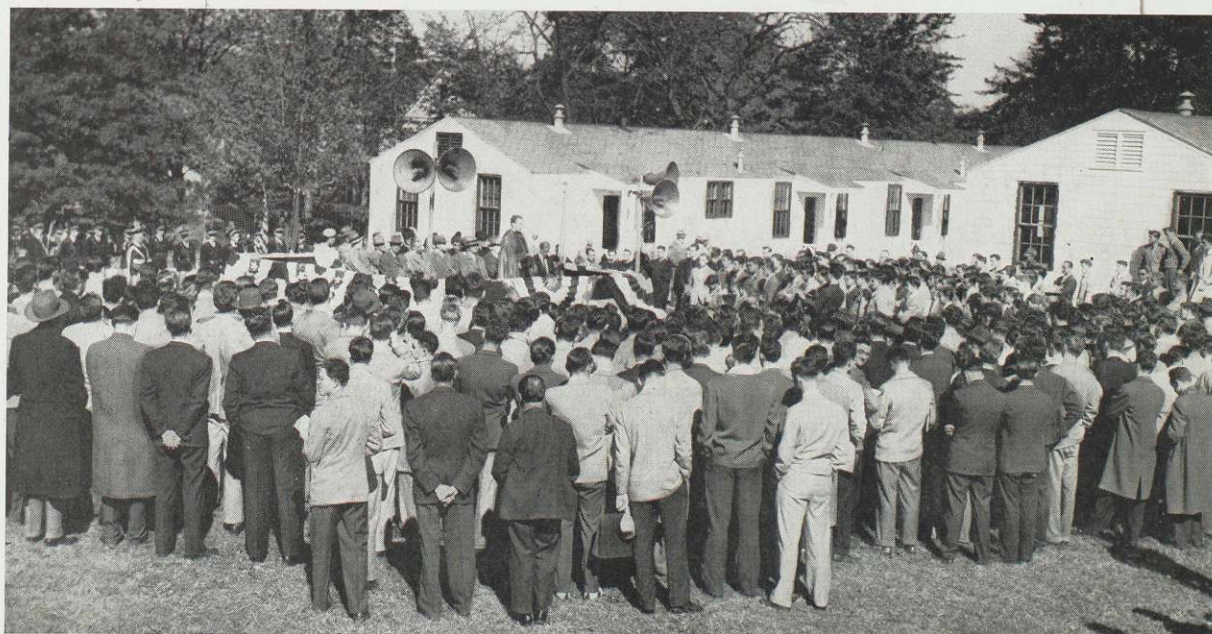

ON A CLEAR, SUNNY autumn morning in 1946, Seton Hall took one of the greatest steps in its expansion program when it dedicated a group of 13 buildings to house veteran students.

The dedication had all the color, music, and pageantry, as well as the solemnity of a very important event. Leading the list of honored guests, and chief speaker on the program, was actor Pat O'Brien, known and loved by American movie-goers as the smiling Irishman.

PAT O'BRIEN ADDRESSES THE GATHERING

Monsignor Kelley gave a touching and fitting talk on the significance and momentousness of the event, outlining the heroic deeds of Lieutenant John Ruthenberg, who died valiantly for his country. Ruthenberg, a member of Seton Hall's famous Wonder Five court team, had the first building dedicated to him.

MONSIGNOR KELLEY EULOGIZING SETON HALL WAR HEROES

The Veterans Administration

ONE OF THE BUSIEST OFFICES on the Seton Hall campus is those located in the end barrack of Veterans Village where a steady stream of students can be seen entering and leaving daily. To take care of Seton Hall's some 2075 veteran students the Veterans Administration maintains a staff of well-informed and qualified consultants and secretaries.

Headed by Mr. Thomas Milano and ably assisted by Mr. J. A. Flanagan, Mr. Raymond Grasso and Mr. James Cox the offices counsel and aid hundreds weekly in the countless problems that arise among students that are studying under the G. I. Bill of Rights.

Registrar and Her Staff

• *Left to Right:* Madeline Kubo, Audrey Edwards, Marie K. Fitzsimmons, Registrar, and Lois Jaeger.

IN CLOSING THE SENIOR CLASS wishes to express its gratitude to the Registrar of Seton Hall and her staff for their gracious cooperation in every endeavor of the Class and its members.
